

PRODUCT FEATURES

Stable output current - pure AC sine wave allows for safe use when connecting demanding electronic devices.
Lightweight compact design.

Code	TOG2002
	Engine
engine model	LY148F
motor type	Inverter
engine type	Single -cylinder, 4-stroke, air-cooled, OHV gasoline engine
engine start	Recoil starter
engine capacity	79,8 cm ³
continuous working time	~4
nominal power/rotation speed	2.72 KM/ 5000/min
fuel tank capacity	3,6 l
oil capacity	0,35 l
recommended type of spark plug	BPR6HS
	Generator
nominal power (COP)	1,8 kW
max. power	
nominal voltage (AC)	230 V
nominal frequency	50 Hz
nominal current (AC)	7,8 A
nominal voltage (DC)/USB	12 V/5 V
nominal current (DC)/USB	5 A/2,1 A
security level	IP23M
